SUMMARY

Software Developer with **2+ years** of full-time experience (since Jun 2024) building **SQL/PostgreSQL** data models, **KPI dashboards**, and **Python data pipelines** for the pricing, operations, and finance teams of a vacation-rental business. Hands-on with SQL, Python (Pandas, NumPy), Excel automation, Streamlit/Plotly, EDA, data cleaning, statistics, and hypothesis testing. Completed a part-time Data Science internship and the ExcelR Data Science program. **Notice Period: 15 days or less.**

SKILLS

SQL & Databases: Advanced SQL (CTEs, window functions, joins), PostgreSQL (schema design, migrations, RLS), Supabase
Excel & BI: Advanced Excel (Pivot Tables, XLOOKUP, Power Query), Power BI (DAX), Tableau, KPI Reporting, Power Automate
Python & Visualization: Python, Pandas, NumPy, Matplotlib, Seaborn, Plotly, Streamlit, Data Cleaning, Data Validation
Statistics & Experimentation: Descriptive Statistics, Hypothesis Testing (Chi-Square), A/B Testing, Confidence Intervals, ARIMA
Business Analytics: Revenue & Pricing Analysis, Seasonality / Trend Analysis, Channel Mix, Booking Lead Time, Data Storytelling
Data Engineering & Cloud: ETL Automation, REST APIs, AWS, Apache Spark / PySpark, Databricks, Snowflake, Airflow
ML & GenAI: Scikit-learn (Regression, Classification), TensorFlow, PyTorch, LLMs, RAG, LangChain

EXPERIENCE

Software Developer — Reunios Pvt. Ltd. Jun 2024 – Present

- Built a **pricing-analytics dashboard** (Pandas, Streamlit, Plotly) that merges reservation and booking exports to benchmark payout per night (median, P25/P75) by resort, unit type, quarter, and check-in month across multiple resorts.
- Analyzed **upcoming vs. completed bookings, channel mix, booking lead time, length of stay, and seasonality**, producing rate recommendations for unrented inventory that the pricing team uses.
- Built **40+ dashboard pages** in CasaFlow, the internal property-management system on PostgreSQL/Supabase, giving pricing, operations, and finance teams self-serve views of inventory, bookings, and reconciliation.
- Maintained the **PostgreSQL data model (49 migrations)** behind 129+ API routes, with joins, aggregations, and Row-Level Security for 7 user roles.
- Automated a **daily cancellation-planning pipeline** (Pandas, FastAPI, APScheduler, Microsoft Graph) that reads SharePoint workbooks and posts the plan to Teams via **Power Automate**, replacing hours of manual planning work each week.
- Synced Beds24/Hospitable booking data via REST APIs with **duplicate and overlap detection and reconciliation**, and wrote Python scripts for Excel processing, data validation, and reporting.

Full Stack Developer (Part-time) — Brightlink · Built and deployed the company website (React.js, Firebase) Nov 2025 – Present

Front-End Developer Intern — Kshikshatech · Built responsive React.js UI pages for artify.in Nov 2023 – May 2024

DATA PROJECTS

Bike Rental Demand Prediction — Airvariant Data Science Internship (part-time, remote, Apr–Jul 2026)

- EDA of hourly rental demand vs. weather, season, hour, and working day in Pandas/NumPy (Matplotlib/Seaborn heatmaps, time-series charts), presented in a 30-slide deck.
- Engineered cyclical time and weather features and compared 6 regression models with GridSearchCV and cross-validation; the best model lifted **R^2 from 0.39 to 0.64 (RMSE down ~23%)**. Served through Flask and Streamlit.

Statistics & Analytics Portfolio — ExcelR Data Science Program Python | SciPy | statsmodels

- **Chi-square test** of independence and one-sample tests ($\alpha = 0.05$), 99% confidence intervals, EDA on real datasets, and **ARIMA vs. Holt-Winters** forecasting compared on MAE, RMSE, and MAPE.

Food Delivery Time Prediction Python | Pandas | Scikit-learn

- Cleaned and explored delivery data, engineered and encoded features, and compared tuned regression models with cross-validation (evaluated with MAE and R^2).

EDUCATION

B.Tech, Computer Science and Engineering — Marathwada Institute of Technology, Chhatrapati Sambhajinagar | 2020 – 2024
HSC (State Board) — Vivekanand College, Chhatrapati Sambhajinagar | 2020
SSC — Yogeshwari School, Chhatrapati Sambhajinagar | 2018

CERTIFICATIONS

- Certificate of Excellence (Data Science) — ExcelR | May 2026 | Certificate ID: 22162/EXCELR/25052026
- Certificate of Internship (Data Science, part-time) — Airvariant | Apr 2026 – Jul 2026 | Code: AIV/25-26/Q2/07/18981
