SUMMARY

Software Developer with **2+ years** of full-time experience (since Jun 2024) building **Python data pipelines, PostgreSQL data models, and analytics apps**, plus hands-on **machine learning** from a part-time Data Science internship and the ExcelR Data Science program. Skilled in Scikit-learn, XGBoost, LightGBM, feature engineering, hyperparameter tuning, cross-validation, statistics, forecasting, NLP basics, and TensorFlow/Keras; deploys models with Flask/Streamlit. **Notice Period: 15 days or less.**

SKILLS

Machine Learning: Scikit-learn, XGBoost, LightGBM, Random Forest, Linear/Logistic Regression, SVM, KNN, K-Means, PCA
Deep Learning & GenAI: PyTorch, TensorFlow/Keras, LLMs, RAG, LangChain, NLP (TF-IDF, Naive Bayes), Recommender Systems
Model Development: Feature Engineering, Hyperparameter Tuning (GridSearchCV), Cross-Validation, ROC-AUC, F1, RMSE/MAE
Big Data & Cloud: Apache Spark / PySpark, Databricks, AWS, Snowflake, Airflow, ETL Automation (Pandas, APScheduler)
Python & SQL: Python, Pandas, NumPy, Advanced SQL (CTEs, window functions), PostgreSQL, Matplotlib, Seaborn
Statistics: Hypothesis Testing, A/B Testing, Confidence Intervals, Time Series (ARIMA, Holt-Winters), SciPy, statsmodels
BI & Deployment: Power BI (DAX), Tableau, Advanced Excel (Pivot Tables, XLOOKUP, Power Query), Streamlit, Flask, FastAPI, Plotly

EXPERIENCE

Software Developer — Reunios Pvt. Ltd. Jun 2024 – Present

- Built **Python ETL pipelines** (Pandas, FastAPI, APScheduler, Microsoft Graph) that ingest SharePoint Excel workbooks daily, transform inventory and booking data, and publish cancellation plans to Teams via Power Automate, replacing hours of manual planning work each week.
- Developed a **pricing-analytics app** (Streamlit, Plotly) that computes payout-per-night benchmarks (median, P25/P75), seasonality, booking lead time, and length-of-stay distributions across multiple resorts to recommend rates for unrented inventory.
- Implemented **smart-pricing and validation logic** from historical demand, occupancy tiers, booking windows, and cost basis.
- Designed the **PostgreSQL data model (49 migrations, Row-Level Security for 7 roles)** and 129+ APIs behind CasaFlow, the internal property-management system with 40+ dashboard pages.
- Synced Beds24/Hospitable booking data via REST APIs with **duplicate and overlap detection and reconciliation**.

Full Stack Developer (Part-time) — Brightlink · Built and deployed the company website (React.js, Firebase) Nov 2025 – Present

Front-End Developer Intern — Kshikshatech · Built responsive React.js UI pages for artify.in Nov 2023 – May 2024

MACHINE LEARNING PROJECTS

Bike Rental Demand Prediction — Airvariant Data Science Internship (part-time, remote, Apr–Jul 2026)

- Built an end-to-end hourly demand model: EDA (Matplotlib/Seaborn), cyclical time and weather features, and 6 regressors (linear baselines to Random Forest and Gradient Boosting) tuned with **GridSearchCV + cross-validation**.
- The best model lifted **R^2 from 0.39 (linear baseline) to 0.64 and cut RMSE by ~23%** (MAE ~89 rentals/hour). Deployed as a **Flask REST API and a Streamlit app**.

ML, NLP & Statistics Portfolio — ExcelR Data Science Program Scikit-learn | TensorFlow | SciPy | statsmodels

- **XGBoost vs. LightGBM** classification (ROC-AUC); Logistic Regression, SVM, KNN, and Decision Tree pipelines with GridSearchCV; and a **TensorFlow/Keras ANN** for 26-class letter recognition tuned by random search (precision/recall/F1).
- K-Means, DBSCAN, and hierarchical clustering with PCA; Apriori rules; **TF-IDF + Naive Bayes** text classification; a cosine-similarity recommender; **ARIMA vs. Holt-Winters** forecasting; and chi-square tests with confidence intervals.

Food Delivery Time Prediction Python | Pandas | NumPy | Scikit-learn

- Delivery-time regression with preprocessing, EDA, feature engineering, and categorical encoding; compared tuned regressors with cross-validation (evaluated with MAE and R^2).

EDUCATION

B.Tech, Computer Science and Engineering — Marathwada Institute of Technology, Chhatrapati Sambhajinagar | 2020 – 2024
HSC (State Board) — Vivekanand College, Chhatrapati Sambhajinagar | 2020
SSC — Yogeshwari School, Chhatrapati Sambhajinagar | 2018

CERTIFICATIONS

- Certificate of Excellence (Data Science) — ExcelR | May 2026 | Certificate ID: 22162/EXCELR/25052026
- Certificate of Internship (Data Science, part-time) — Airvariant | Apr 2026 – Jul 2026 | Code: AIV/25-26/Q2/07/18981
